

'Ask the Scientists' a Networking Evening

Hamilton Environment Centre is holding an evening for groups & individuals wanting to ask scientists & experts questions on environmental issues & community projects. Network with other groups and share problems & solutions.

Thursday 10th July 7-9pm
Environment Centre Ward St
(drinks & nibbles provided).

Who will be there?

Weed & plant expert (DoC)
Pest & predators expert (EW)
Water Quality Scientist (NIWA)
Water & Waste Scientist (ECOES)
Bring along your weeds & plants for ID & water samples for testing.

Who are we?

Hamilton Environment Centre is a Charitable Trust which offers:

A one-stop shop for environmental information

Use of the centre as a venue

Promotion of events through fortnightly newsletters & community radio

Links to our website and cheaper options for website development

Networking and support for environmental groups

With support from Trust Waikato, we are now offering more services to environmental groups such as;

- ~ Workshops & training
- ~ Assistance with funding applications
- ~ Helping groups publicize their events
- ~ Assisting groups formalize their structure
